

My most important job is professionally caring for your pets in your home, while you are away.

When you decide on South Hill Pet Sitting, please call or email me.

We can schedule a meeting so that I can meet you and your pets. I can answer any questions you may have at that time.

I will learn about your pet's special needs from you during our first meeting.

Example of Care:

In the morning pets get a bathroom break, fresh water and breakfast feeding.

In the early afternoon pets get another bathroom break, snack or treat, plus playtime, socializing, walking, or other fun activity.

In the evening, night-time snack, *if requested*, and one last bathroom break before I get your pets settled in for a good night's sleep in their own familiar surroundings.
